

ENVIRONMENTAL SUSTAINABILITY POLICY

Our aim, following LTA guidelines, is to utilise resources efficiently to reduce waste and energy usage. The following items are in place and ongoing

- Water pipes lagged
- Eco friendly cleaning products replacing existing items when finished.
- Food waste recycled
- Cleaner, Nikki, to separate and recycle bin waste where possible.
- Electricity, SSE.
- Any paintwork to be undertaken with Environmentally friendly paint.
- Security sensor lighting, timed.
- New motorised court brush purchased instead of hiring a company that has to travel from Dorset.
- Environmentally friendly moss killer purchased for treating the courts.
- Green foliage waste to recycling centre in Cheddar.
- Land drainage pipes laid across car park to ease flooding during the Winter season.
- Second-hand ball machine donated to club with rechargeable battery.
- Ball recycling to local schools for playground use.
- Head Coach, Captains and Chairman to encourage car sharing to and from Club and Away matches.
- Sponsorship for Cheddar First School tree carving project, Summer 2024.

PENDING....

*LED Flood lighting being investigated by the Committee.

* Junior Members encouraged to make bug hotels to encourage insects.

*Butterfly and bee loving plants to be planted.
